## CERTIFICATIONS

AWS Certified Solutions Architect, 2021

Certified Kubernetes Administrator, 2020

## PROFILE

Backend engineer with 12 years of experience building payment systems that handle millions of transactions a day. I focus on reliability and clear service boundaries, and I have mentored more than 20 engineers across three teams.

## EXPERIENCE

### Senior Backend Engineer

**Klarvik Payments** 2020 to present

- Own the card authorization service, processing 3.2 million payments a day
- Reduced payment failures from 2.4% to 0.7% with new retry and routing logic
- Mentor a team of 8 engineers and lead the on-call rotation

### Backend Engineer

**Nordhaven Bank** 2016 to 2020

- Built the real-time fraud scoring API used by 5 banking products
- Migrated 40 services from virtual machines to Kubernetes

### Software Developer

**Bluepine Systems** 2013 to 2016

- Developed invoicing and reconciliation tools for 60 retail clients

## EDUCATION

### MSc, Computer Science

KTH Royal Institute of Technology 2013

### BSc, Software Engineering

Chalmers University of Technology 2011
